

UPDATE REGISTERED FARM ADDRESS APPLICATION FORM

Please complete this application form if you require an update to your NAIT registered farm address.

Please sign the completed form and send to info@nait.co.nz or post the form to OSPRI Contact Centre, PO Box 3412, Wellington 6140.

! Please provide a map or aerial image of your property with the application, clearly showing the location boundary.

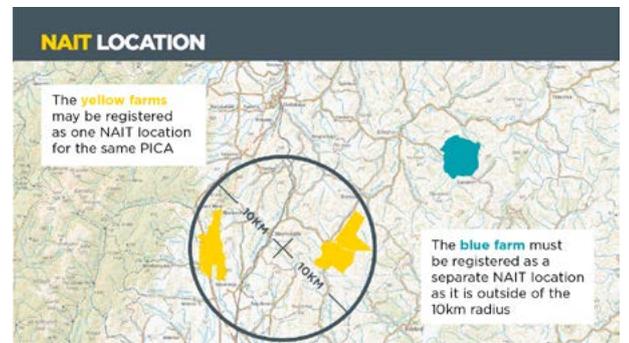

Please note that for traceability purposes we cannot update a farm address if the herd has moved to a new location. If this is the case, you will need to register a new NAIT number at the new property and record a movement for the stock that have moved in the NAIT system.

The application must be completed by the NAIT registered Person in Charge of Animals (PICA) for the NAIT number.

The application is subject to consideration by NAIT Ltd. You will be advised of the outcome within 2 business days of the date the application is received.

To register all of your farms as one NAIT location (i.e. to use one NAIT number), they must all fall within a circle with a 10km radius.

It's important that you register a separate NAIT location for any property where you are the PICA, that falls outside of the 10km radius boundary. Movements of NAIT animals must be recorded between two properties registered as separate NAIT locations.

PICA DETAILS

PICA name	<input type="text"/>		
NAIT number	<input type="text"/>		
Phone	<input type="text"/>	Email	<input type="text"/>
Postal address	<input type="text"/>
